

§ 205.210

in an amendment to an EFS and master list entry, is whatever change would render the master list entry no longer informative as to what is subject to the security interest in question. That will vary from case to case. The basis for this is the purpose for which the information is supplied, that is, to make information available, to a buyer, commission merchant, or selling agent who proposes to enter into a transaction in a product, whether it is subject to a security interest. The requirement to amend arises when the information already made available no longer serves the purpose and other information is needed in order to do so.

(b) Where an owner of a product makes a change, such as planting a different crop or purchasing different animals from what was represented, without informing the secured party, so that the master list entry is rendered not informative, but the EFS and master list are not amended through no fault of the secured party, the Section is silent as to the consequences. However, see the legislative history cited in § 205.208(f).

(c) The amendment must be filed in the same manner as the original filing. Note the requirement of subsection (c)(4)(D). The amendment may be filed electronically provided a State allows electronic filing of financing statements without the signature of the debtor under applicable State law under provisions of the Uniform Commercial Code. An electronically filed amendment need not be signed. However, if an original or reproduced paper document is filed, the amendment must be signed, authorized, or otherwise authenticated by the debtor, and be filed by the secured party.

(d) An effective financing statement remains effective for a period of 5 years from the date of filing and may be continued in increments of 5-year periods beyond the initial 5-year filing period by refiling an effective financing statement or by filing a continuation statement within 6 months before expiration of the effective financing statement. A continuation statement may be filed electronically or as a paper document, and need not be signed, au-

thorized, or otherwise authenticated by the debtor.

§ 205.210 Effect of EFS outside State in which filed.

(a) A question arises whether, if an EFS is filed in one State, a notice of it can be filed in another State and shown on the master list for the second State. There is nothing in the Section to prevent this, but it would serve no purpose.

(b) The Section provides only for filing an EFS, covering a given product, in the system for the State in which it is produced or located. Upon such filing in such system, subsections (e)(2) and (g)(2)(C) make buyers, commission merchants and selling agents *not registered* with that system subject to the security interest in that product whether or not they know about it, *even if they are outside that State*. Subsections (e)(3) and (g)(2)(D) make persons *registered* with that system subject if they receive written notice of it *even if they are outside that State*. All of these provisions apply only where an EFS is filed in the system for the State in which the product is produced or located. They do not apply to a filing in another system.

(c) What constitutes “receipt” of notice is determined by the law of the State in which the intended recipient of notice resides. This is based on subsection (f) which follows provisions for notice to buyers, and (g)(3) which follows provisions for notice to commission merchants and selling agents. Each of those provisions uses the word “buyer” but it means “intended recipient of notice.”
